

## Release One

System access: <http://52.63.149.254/TIB-Package-Delivery/>

### TESTING:

Automated testing done using Selenium IDE, which can be found under the “Test Cases” directory, these tests are only used for stories that can be validated automatically with minimal user interaction.

### PROGRAMMING:

Source control was completed using GitHub integrated file history which can be accessed from the website, below is a snapshot taken from the GitHub website for the “style.css” file

History for **TIB-Package-Delivery** / `css / styles.css`
